

Fact Sheet

The Art of Consulting, Integration, & Management Services

Raining Virtue Solutions is a full service consulting, integration and managed services firm focused on assisting our clients in aligning business and systems in support of strategic business objectives. We have exceptional project resources and may have the one special person to positively impact your efforts or compliment your existing project team.

Our team is a unique group of management, business and systems consultants, all of whom have achieved successful careers with international consulting firms or national and multi-national corporations. Collectively, the team brings years of experience, strategies and relationships to the competitive professional services marketplace. We provide top of the line service at a far greater value. We know this to be true and recognize our value proposition. We welcome the opportunity to get to know you better and prove it!

Service Offerings

Management Consulting

Raining Virtue Solutions and the professional services we provide are predicated on understanding the client's business needs. Our resources can help you evaluate business needs, make the most of existing technology, determine ROI on newly identified technology needs, and bring forth a team to make it all happen. Virtually all of the projects we are involved in include some combination of business and system resources working together to complete specific Projects in support of a larger strategic enterprise Program.

Strategic Sourcing

Strategic sourcing is an essential part of business today and offers your organization great flexibility in addressing immediate and long term project resource requirements. If you need project managers, business analysts or information technology professionals, the Raining Virtue Solutions strategic sourcing option offers a sizeable and carefully assessed pool of bright, talented and well rounded professionals with extensive practical experience.

Business Intelligence

The art of business intelligence includes synchronizing the goals and objectives of corporate executives, department heads, regional managers and product managers in support of the enterprise. Are there interdependencies between sales, marketing, finance, operations and human resources? Are there strategic indicators you know drive business? Are there measures you want to know about before they adversely impact your business? You bet there are.

Systems Integration

Raining Virtue Solutions has experience and is well versed in virtually all of today's business applications and technologies. We specialize in seamlessly integrating mission critical and distributed business applications together and pay special attention to data integrity, timeliness, security, redundancy, and go forward maintenance. Raining Virtue Solutions implements methods and processes to guide, align and validate results and provide our customers peace of mind along the way.

Software Development

The quality of a software team is the most important element in successfully delivering software. We specialize in challenging projects. Our clients typically have complex requirements and high expectations in regards to performance. Our project teams are solution oriented and focused on end user experience.

Digital Media

Raining Virtue Solutions offers a comprehensive list of digital media services. The digital age has arrived and aligning your digital media strategy with your organization's business objectives and information systems is essential to gaining a competitive advantage. Services include Search Engine Optimization (SEO), Social Media Marketing (SMM), Paid Search/Pay Per Click (PPC), Website analytics, Landing Page & Conversion, Optimization, Digital Marketing Training & Education, 3rd Party Program Audits and Vendor, Personnel & Technology Selection.
